Surf

AI Implementation Specialist & Product Manager with 7 years of experience at the intersection of product, business, and emerging technologies. Proven track record of turning GenAI capabilities into real business value: from RAG-based chatbots to agentic workflows. Hands-on builder, not just a strategist.

WORK EXPERIENCE

ONEPOINT - Associate AI Transformation

2026 **AI TRANSFORMATION CONSULTANT (now - 10 months)**

2025

- End-to-end piloting of AI POCs across various use cases (voice assistants, RAG & chatbots, AI-powered analysis). From scoping and prioritization to prototyping and results presentation.
- Contributed to several AI-focused RFP responses, leading solution framing and identification of the appropriate AI architecture (RAG, agentic workflows, transformation).
- Delivered internal sessions on emerging AI tools (vibe coding, AI agents, automation workflows); served as advisor and builder at a Microsoft Copilot Studio Hackathon.

VISEO - Innovation Consultant

2024 **CHANEL - GENERATIVE AI PRODUCT MANAGER (16 months)**

2023

- Corporate innovation team (full-stack, cloud, data, AI engineers), enabling rapid prototyping and delivery of Generative AI POCs
- Identified and prioritized use cases, scoped initiatives with business stakeholders, and led POCs as Product Manager
- Led generative AI adoption across business units (creative, finance, retail), driving use cases and upskilling teams
- Built and deployed GenAI solutions, including RAG-based chatbots leveraging internal knowledge bases
- Contributed to structuring enterprise AI initiatives through IT frameworks and generative AI governance

2022 **MAISONS DU MONDE - PRODUCT OWNER (8 months)**

- Delivered omnichannel product features in a SAFe Agile environment, collaborating with cross-functional teams (Marketing, Retail, B2B, IT, Finance) and tech teams (UX, Front-end, Back-end, QA).

EDUCATION

2019 **Le Wagon -** Marseille
Fullstack Web Development (4 months bootcamp)

2019 **Skema Business School -** France - Brazil - China
2015 Master of Science - Strategic marketing & Business Development
